
**An Investigation into the use of Fitts's Law
as a Discriminant for the identification of
Dyslexia in Primary School Children**

Sam Dixon
40056761

Submitted in partial fulfilment of the requirements of
Edinburgh Napier University for the Degree of
MEng (Hons) Software Engineering

School of Computing

February 3, 2017

Authorship Declaration

I, Sam Dixon, confirm that this dissertation and the work presented in it are my own achievement.

Where I have consulted the published work of others this is always clearly attributed;

Where I have quoted from the work of others the source is always given. With the exception of such quotations this dissertation is entirely my own work;

I have acknowledged all main sources of help;

If my research follows on from previous work or is part of a larger collaborative research project I have made clear exactly what was done by others and what I have contributed myself;

I have read and understand the penalties associated with Academic Misconduct.

I also confirm that I have obtained informed consent from all people I have involved in the work in this dissertation following the School's ethical guidelines.
